Prison Rape Elimination Act (PREA)

The Prison Rape Elimination Act (PREA) is a federal law that prohibits sexual misconduct in correctional settings such as prisons, jails, lockups, juvenile facilities and Immigration Services/ICE detention facilities.

The McHenry County Sheriff's Office is committed to enforcing a zero-tolerance policy for sexual abuse or assault of detainees/inmates, either by staff or other detainees/inmates. It shall be the policy of the McHenry County Sheriff's Office Corrections Division to provide a safe and secure environment for all detainees, employees, contractors and volunteers, free from the threat of sexual abuse or assault by maintaining a *Sexual Abuse and Assault Prevention and Intervention Program* that ensures effective procedures for preventing, reporting, responding to, investigating and tracking incidents or allegations of sexual abuse or assault. The Corrections Division shall conduct investigations in a manner that avoids unnecessary embarrassment or indignity to the detainee/inmate. It shall also be the policy of the McHenry County Sheriff's Office to pursue administrative, disciplinary and/or criminal sanctions against any detainee/inmate, staff member, contractor or volunteer found to have committed sexual abuse or assault against a detainee/inmate. It shall be the responsibility of the Medical staff to provide immediate first-aid to the victim and to refer the detainee/inmate to the appropriate medical facility.

PREA Incident Reviews

The McHenry County Adult Correctional Facility has implemented a Sexual Abuse Incident Review group per PREA Standard §115.86. Under this Standard, the Corrections Division must conduct a sexual abuse incident review at the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded. Such review will ordinarily occur within thirty (30) days of the conclusion of the investigation. The review team will include upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners. The

Corrections Division will implement the recommendations for improvement, or document its reasons for not doing so.

Review Criteria:

1. Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse;
2. Consider whether the alleged incident was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility;
3. Examine the area in the facility where the allegation occurred to assess whether physical barriers in the area may enable abuse;
4. Assess the adequacy of staffing levels in that area during different shifts;
5. Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff; and
6. Prepare a report of its findings, including but not necessarily limited to determinations made pursuant to paragraphs (d)(1) through (d)(5) of this section, and any recommendations for improvement and submit such report to the facility head and PREA compliance manager.
